The qualities that made this Victorian gem so appealing 114 years ago continue to set it apart. Solid craftsmanship is evident in the burnished heart pine floors, original turned banister and gingerbread accents on the clapboard exterior. The 1,500-square-foot house features two bedrooms, one and one half baths, 9+ foot ceilings, exposed brick walls, pocket doors, four decorative fireplaces, upstairs laundry, and basement storage. Trendy restaurants, community garden, historic St. John's Church, and Libby Hill Park are only blocks away. Within minutes of airport, train station, interstate highways, MCV/VCU, James River water activities and downtown cultural/entertainment venues. *Offered for \$224,950*
